Dear colleague,

We inform you that a first group of panel proposals has just been posted on the Congress website (for detailed description see: List of Panel Proposals, <https://www.semioticsworld.com/submissions/>). The call for panel proposals is still on, and we will continue to receive them till **July 31, 2021**.

Soon after this date, Step 2 of the submission process will begin, whereby you will be able to submit your paper abstract either directly to the Panel Convenor(s) responsible for the panel you have selected or to the Congress website, if none of the proposed panels fits your interests.

We wish you a pleasant and relaxing summer,
